

Date: 28th June, 2018

Cir/26/18-19

Dear Parents,

Science is all around us. It's an adventure to explore and understand the science of everyday life.

We are proud to announce to the 'STEAMAZING CHALLENGE' powered by Yardstick Educational Initiatives Pvt Ltd.

The STEAMazing Challenge provides an educational and fun way for students to learn about their world and maybe even discover their "inner scientist." It is a premier national science competition for students of grades V to X. The challenge aims at providing a platform to students to exhibit their analytical abilities and problem-solving skills in a 3-minute video. The video must address and provide a solution, utilizing STEAM (Science, Technology, Engineering, Arts and Math) to some of the pressing universal issues like

- Water and Sanitation
- Climate Change and Sustainability
- Public Health and Hygiene
- Nutrition and Food Systems

Details about the challenge:

- Open to any student studying in grades V - X
- Open to individuals and teams (team of 4 students)
- Teachers or other educators will serve as mentors
- Challenge runs for 90 days

Your child could receive recognition as a state merit winner, or even become one of 50 finalists participating in the Final Challenge. The winners will take home the lot of prizes including the cash prize and the title, India's Top Young Scientist!

To enter your child in the Challenge, simply visit the website www.yardstickedu.com/steamazing and follow the steps to complete the online Parental Consent Form. Then have your child create a short video describing a new innovation or solution related to a real world problem and enter by 19th October, 2018. For thought starters, judging criteria and complete rules, visit <https://bit.ly/2Dqvql8> .

The Yardstick's STEAMazing Challenge promises to be an incredible journey for young participants. I hope you consider entering your child in the 2018 competition!

Thank you,

**Regards,
Principal**
